

2015 Test Results at St Bernadette's Catholic Primary School

Overall, 2015 results secure the school's drive to ensure pupils make good progress and leave school with results well above the national average.

Parents might like to know the test results for St Bernadette's ahead of their publication on Ofsted's [Data Dashboard](#). This online information shows how our school's 11 and 7 year-olds performed in their end of year SATs and compares our results to the national ones of 2014. If there are fewer than 6 pupils in a year group, the results are not posted and the Dashboard says "no data available". The results of our small Y6 class of 2015 will not be published.
